

Let's honor those who go above and beyond their call of duty

Let's pause to take another moment to say..... **THANKS!**

At CFMC we thought it was important and critical to recognize those who are.....

"Behind the Mask"!

Let's give a shout out to our unsung heroes who fly under the radar, yet keep our communities and our loved ones, humming, healthy and smiling.

Behind the Mask: Let's Celebrate National Nurses Week!

A little bit of appreciation can go a long way, especially when it comes to those who care for others....day in and day out ... **A Round of Applause for our Nurses!**

Nurses are the heartbeat of the healthcare industry and a universal gift to all. They are dedicated to the work that they do and kindness they deliver on a daily basis.

Now, more than ever, nurses serve as a reminder that too often we underestimate the power of a smile, a kind word, a listening ear, an honest accomplishment or the smallest act of care, all of which have the potential to turn a life around. Nurses do this each and every day through their caring ways.

Thank you to all the selfless nurses for always being there. You show true sacrifice and we're forever grateful. Bravo! Take a Bow!

Behind the Mask: Cheers for Teacher Appreciation Week!

You sometimes don't realize the deep impression that teacher's make on your life. And, never before have our community's teachers been more appreciated as they work with their students from a distance .

A Round of Applause for our Teachers!

Teachers have pivoted from having students in their classrooms one day, to finding ways to connect with them through virtual classrooms, text messages, or paper packets. They are there for our children and we honor their hard work. They continue to share a love of learning as they open up the world for our children.

Teachers have gone above and beyond to teach our future - from preschool through high school - during these unforeseen times. Applause! Applause!

Thank you! You are our heroes!
